SOURCES OF INFORMATION: Original construction drawings; Architectural and Historical		connects to adjacent buildings.
Floor plan same as Building 9 only reversed. Gross floor area 30,650 square feet. Ward accomodates 172 beds. MAJOR ALTERATIONS AND ADDITIONS WITH DATES: Sketch of existing floorplan shows extent of major changes. Covered walks added, perhaps in 1936. Basement passageway to Bldgs. 10 and 14 in 1929. Corpsmen's Dorm in basement south end 1929. Third floor virology lab 1972. Later dropped ceilings and fluorescent lighting when converted later to office use. PRESENT CONDITION AND USE: Adequately maintained with no eye to historic preservation. Exterior has had only minor changes. First floor has offices at north end and labs at south end. Second and third floor have labs, fourth floor offices. AODITIONAL INFORMATION: Site does not slope steeply east in contrast to the sites of other buildings on east side of main complex, Buildings 4 and 9. SOURCES OF INFORMATION: Original construction drawings; Architectural and Historical		THITEDIAD FEATURES DE MOTE. (DIEASE SEE SVETCHED EL OND DI AM OM SEDADATE DACE)
